# Celebrating Father's Day at Kirby Pines

Father's Day is the perfect occasion to express feelings of gratitude and thankfulness to every dad, both living and deceased. Though the day is celebrated with enthusiasm in present times, it wasn't always that way. Father's Day celebrations had a very modest beginning. In fact, the idea is said to have come from Sonora Dodd who while listening to a sermon on "Mother's Day" in church, wondered why there wasn't a special day to celebrate dad. So to pay tribute to her father, Sonora held the first Father's Day celebration on the 19th of June 1910, on the birthday of her father.

In 1913 a bill was officially introduced and the idea approved by President Woodrow Wilson three years later in 1916. In 1924 a National Father's Day Committee was formed. However, it took Congress thirty years to give recognition to Father's Day, and another 16 years passed before President Richard Nixon established the third Sunday of June as a permanent observance day.

Therefore, in recognitions of all fathers throughout the world please enjoy the words of Nicolas Gordon:

*Fathers are forever.  
Even death,  
Although a distancing,  
does not divide  
The child from a parent,  
nor does time,  
However long,  
nor space,  
however wide,  
Enduring beyond silence,  
beyond breath,*

*Resonant where hours cease to chime,  
Some yearning inconsolable abide.*

### Kirby Pines Takes A Trip To The Ballpark!

Front gates at AutoZone Park downtown

Andy Boles and Lou Moore enjoy the game

Nothing says summer like baseball, so this month we headed back downtown to AutoZone Park, home of the St. Louis Cardinals AAA affiliate, Memphis Redbirds. As a matter of fact, AutoZone Park was recently ranked the #2 Minor League Park in the country by *Baseball America*!

The day we were there, though windy and cold, did not lack excitement. The home team, Memphis, beat the Omaha Storm Chasers 5 - 1, and one of our residents had the thrill of a lifetime (see page 8).

On the front cover we have residents, Lamar and Dorothy Hartzog and the back, resident Sylvia Statham, who bravely ventured out on a nasty day with several others to enjoy an afternoon of baseball! A big thanks to all for being good sports!

Billy's education and career path in computers will give him tools to help in our volunteer opportunities. Give him a warm welcome to our community.

Doris Duke

New resident, Doris Duke, recalls her "brush with fame" when she attended Humes High School with Elvis Presley, George Klein, and Red West. Elvis performed at school functions and was a friend to his classmates. A native Memphian, Doris and her husband, Jerry, were married for 34 years; Jerry passed away in 1991. They have 3 children and 2 grandchildren.

Doris had two career paths, as a Deputy Clerk for 13 years, in the Shelby County Sheriff's Department; and, subsequently, was 17 years at the Collierville Community Center. She retired at age 72. In retirement, Doris likes dancing, cards, water aerobics, watching old movies, reading, and meeting new friends. She has a 7-year old cat, Chloe. Travel included New Orleans, New York, Smokey Mountains, Grand Canyon, California, Boston, and Vermont.

Doris is a social outgoing woman, with many interests. More, we are a community who welcome newcomers and look for opportunities to help them find their special niche in our volunteer programs. You made the right choice, Doris, in joining us. Welcome home!

Bob & Barbara Hyland

Married in 1954, Bob and Barbara Hyland have led a busy life raising 4 children, being active in their church, and establishing a dental practice (Bob) and teaching elementary school (Barbara). Bob's military service was with the Marines, retiring with the rank of 1st Lieutenant. Both graduated from the U. of New Mexico, where Barbara was awarded a BFA in Music; and Bob earned his BS Degree in Biology and Chemistry. He received his DDS Degree at Baylor. They moved from Dallas to El Paso, after Bob received his license to practice dentistry.

In addition to growing his dental practice, Bob also was a member of the Dental Society and the Lion's Club, taught Bible classes, and was an Elder in the Montana Avenue Church of Christ. As part of her involvement in their church, Barbara taught Bible School. She also was President of the Dental Auxiliary, President of the PTA, and led a Den of Brownie Scouts.

Bob and Barbara acknowledge that leaving their home in El Paso was a difficult decision, but have found a welcoming atmosphere at Kirby Pines, making the transition easier.

# Drink More Water!

Did you know water covers 70 % of the earth's surface and makes up about 50 to 60% of your body? These are old facts, but true. Water is essential to life. Staying hydrated is important for our general health, too. Dehydration can be the result of exercise, certain medications, diarrhea, excessive sweating, loss of blood and diseases, such as diabetes. With the warm summer days ahead, it is easy to become dehydrated which can cause dry mouth, weakness, dizziness, headaches, heart pounding, cramping, confusion, low blood pressure, rapid but weak pulse and fainting. As we age, we are less aware of our thirst, and our ability to regulate our body's fluid balance through our kidneys decreases.

Everyone knows—but many people seem to forget—that water is what sustains life. Here are just two of the benefits of being hydrated: Drinking at least five 8-ounce glasses of water daily reduces the risk of fatal coronary heart disease among older adults. Being sufficiently hydrated reduces the discomfort of constipation, improves balance and kidney function, which reduces the risk of urinary tract infections.

How much water is enough?

A good formula for how much water is needed every day is to take one-third of the person's body weight in pounds and drink the equivalent number of ounces of water daily. For example, a 150-pound woman would need 50 ounces of water daily, or about six 8-ounce glasses of water.

Don't wait until you feel thirsty to start drinking water:

If you don't like the taste of water, try flavored water that is available in almost every flavor from Pink lemonade to Mango- Kiwi-lime. Water from the tap with a little ice and a spritz of juice, makes a refreshing beverage. My favorite refresher is a little cranberry juice in a tall glass of water. Also, a little squeeze of lime or lemon in water can be very refreshing on these warm summer days.

Avoid coffee and caffeinated sodas since caffeine dehydrates your system.

So drink, stay hydrated and stay well. Don't forget we have a cool water dispenser in the Oasis when you come to exercise.

## Take Control of Your Health: 6 Steps to Prevent a Fall

Every 15 seconds, an older adult is seen in an emergency department for a fall-related injury.

**1**

### Find a good balance and exercise program

Look to build balance, strength, and flexibility. Contact your local Area Agency on Aging for referrals. Find a program you like and take a friend.

**2**

### Talk to your health care provider

Ask for an assessment of your risk of falling. Share your history of recent falls.

**3**

### Regularly review your medications with your doctor or pharmacist

Make sure side effects aren't increasing your risk of falling. Take medications only as prescribed.

**4**

### Get your vision and hearing checked annually and update your eyeglasses

Your eyes and ears are key to keeping you on your feet.

**5**

### Keep your home safe

Remove tripping hazards, increase lighting, make stairs safe, and install grab bars in key areas.

**6**

### Talk to your family members

Enlist their support in taking simple steps to stay safe. Falls are not just a seniors' issue.

Falling can be a serious problem for the active aging population. As you get older, muscles become weaker, balance worsens, and it becomes more and more difficult to maintain independence. Although aging is inevitable, there are a few things you can do to reduce your risk for falling.

By participating in regular exercise you can maintain, and even improve, your strength, balance, and coordination. Walking, stretching, and lifting weights are all easy ways to exercise to lessen your risk for falling. Other ways you can prevent falling include taking your prescribed medications, eating properly, and making sure your home is free from any fall hazards. Fall hazards may include improperly lit rooms, electrical cords on the ground, and rugs that are not properly secured to the ground. Identifying all of your individual fall risks can be difficult. Your on site RehabCare therapy team can help you to identify your specific risks physically, and in your surroundings. Additionally, changes to our bodies, such as arthritis, back pain, numbness, and vertigo can also increase your chances of falling.

Even though there are many helpful hints listed on this page to prevent falls, you can learn more about fall prevention at this month's Smart Moves Healthy Learning Lecture on June 8th at 10:00 am in the Performing Arts Center.

# Janice & Fay Schlotfeldt

THE LOVE OF ART & HARD WORK

Native Iowans, Fay and Jan join the Kirby Pines Retirement Community from previous residences in Illinois, Texas, Nebraska, and Arizona. In July, they will celebrate their 56th wedding anniversary. Both learned the value of work and self-reliance early on; each had after-school and summer jobs that would lead them to future careers.

Jan's work history began with an insurance company and auto dealership that exposed her to record keeping and secretarial skills. In seriatim, she worked with a magazine publisher in Texas, then the Chanute Air Force Base in Illinois, an accounting firm in Des Moines, a trucking industry insurance firm, Natural Gas Company Headquarters in Omaha, an architecture firm and real estate company, and, then was Mortgage Loan Center Manager of a Savings & Loan Company. When they moved to Arizona, she worked for the Rio Verde Golf Community, managing the membership records, and, prior to their move to Memphis, she managed membership and finances of the Homeowners Association at the Rio Verde golf community. Fay began his career at age 16, with Northwestern Bell Telephone Company and, later, enrolled at Iowa State Teachers College. His college education was waylaid by the Korean War. He enlisted in the Air Force and, because of his ROTC and Teachers College background,

he was assigned as Instructor in the Air Training Command. Later, he was assigned to Chicago's O'Hare Field as part of the Air Force Reserve Combat Training Center. After the Korean War and when the Bell System started to reorganize, Fay was recruited to help plan and implement new marketing strategies and organizations on the systems and network side of business. When the Bell System Corporate structure was split, Fay elected to go with the breakout US West Corporation. He retired from his Major Market Operations job after more than 37 years with the Bell System.

When they lived in Omaha, the Schlotfeldts were quite active in civic activities, such as the Women's Chamber of Commerce and Builders Credit Bureau (Jan), Chairman of a YMCA Board, Big Brothers, Clarkson Hospital (Fay). Both also were avid golfers. They moved to Kirby Pines in 2012. Fay is an accomplished painter and his landscapes pictures are shown throughout their home. Jan's hobbies are gardening and cat-rock painting. They are settling into making their retirement home a retreat in the most satisfying sense of the word. New friends have been made, and new opportunities to take part in volunteer efforts abound. Life is good for Fay and Jan, and "giving back" is what they do. They and the Kirby Pines community benefit from having them with us.

Martha Wilson overlooks her grandson, Jacob, who is below putting on his batting helmet.

Kirby Pines resident, Martha Wilson, got a special surprise on May 18th at the Memphis Redbirds game at AutoZone Park. Not only did she find out her grandson, Jacob, was called up to the Birds that morning, but he also hit one of two homeruns that same day with her in attendance!

### REDBIRDS 5, STORM CHASERS 1

#### From Our Press Services

Ty Kelly and former Memphis Tiger Jacob Wilson each hit a two-run home run to propel the Memphis Redbirds to a 5-1 win over the Omaha Storm Chasers on Monday afternoon at AutoZone Park.

Memphis (16-23) has taken three of the first four games from Omaha to clinch its second winning series this season. The two clubs wrap up their five-game set at 7:05 tonight at AutoZone Park.

Redbirds starting

pitcher Zach Petrick (2-3) earned his second consecutive win, allowing one run on four hits in seven innings.

In his Triple-A debut, Wilson went 1-for-2 with a home run, two RBIs and a pair of runs scored. The 24-year-old worked a two-out walk in the fifth and scored on Kelly's two-run shot, a line drive onto the right-field picnic pavilion.

Two innings later, Bartlett native Wilson hit a two-run homer just beyond the left-field wall for a 4-1 lead. Greg Garcia, who walked to open the inning, scored on Wilson's first Triple-A home run.

Outfielder Matt Williams added an insurance run in the eighth, hitting a sacrifice fly to score designated hitter Ed Easley, who played at Olive Branch and Mississippi State.

Wilson, who played at Bartlett, was called up Monday from the Double-A Springfield Cardinals, where he was hitting .225 with a team-leading seven home runs and 21 RBIs in 34 games.

## DON'T WORRY

Zig Ziglar, noted motivational speaker, shared some interesting insights into what may be one of our biggest problems. He says, "Worry has been described as "interest paid on troubles before it comes due." Worry is like a rocking chair: it requires a lot of energy, and it gets you nowhere. Leo Buscaglia declares "Worry never robs tomorrow of its sorrow, it only saps today of its joy."

Dr. Charles Mayo, whose health centers are world renowned, further develops this matter: "Worry affects the circulation and the whole nervous system. I've never known a man who died from overwork, but I've known many who have died from doubt. Doubt always creates worry, and in most cases, lack of information raises the doubt."

Ziglar concludes that mathematically speaking, it really doesn't make sense to worry. Psychologists and other researchers tell us that roughly 40 percent of what we worry about will never happen and 30 percent has already happened. Additionally, 12 percent of our worries are over unfounded health concerns. Another 10 percent of our worries involve the daily miscellaneous fretting that accomplishes nothing. That leaves only 8 percent. Plainly speaking, Americans are worrying 92 percent of the time for no good reason, and if Dr. Mayo is right, it's killing us.

*Something to Smile About, Ziglar, pg. 11*

Consider these two statements:

1) Paul is writing in Philippians 4:6-7. "Be anxious for nothing, but in

everything by prayer and supplication, with thanksgiving, let your requests be made known to God. And the peace of God, which surpasses all understanding, will guard your hearts and minds through Christ Jesus."

2) Jesus is speaking in Matthew 6:25-34. "Therefore I say to you, do not worry about your life, what you will eat or what you will drink; nor about your body, what you will put on. Is not life more than food and the body more than clothing?"

Look at the birds of the air, for they neither sow nor reap nor gather into barns; yet your heavenly Father feeds them. Are you not of more value than they? Which of you by worrying can add one cubit to his stature?"

So why do you worry about clothing? Consider the lilies of the field, how they grow: they neither toil nor spin; and yet I say to you that even Solomon in all his glory was not arrayed like one of these. Now if God so clothes the grass of the field, which today is, and tomorrow is thrown into the oven, will He not much more clothe you, O you of little faith?"

Therefore do not worry, saying, 'What shall we eat?' or 'What shall we drink?' Or 'What shall we wear?'

For after all these things the Gentiles seek. For your heavenly Father knows you need all these things.

But seek first the kingdom of God and His righteousness, and all these things shall be added to you.

Therefore do not worry about tomorrow, for tomorrow will worry about its own things. Sufficient for the day is its own trouble."

The phrase "Why worry when you can pray" has been inverted to "why pray when you can worry." We need to reverse this to its original truth. To "be anxious for nothing" includes everything. Now and then; today and tomorrow; here and there. Worry causes a frown upon our face, but it takes less muscles to smile than to frown, so let's take it easy. Things are almost never in our full control, but when we let Him take charge change will happen. When others see us today what will come through to them? Anxiety or affection? Let's start making a difference for ourselves and others.

Till next time, Don Johnson,

Black or White is the story of a grandfather who is suddenly left to care for his beloved granddaughter. When her paternal grandmother seeks custody with the help of her brother, the little girl is torn between two families who love her deeply. With the best intentions at heart, both families fight for what they feel is right and are soon forced to confront their true feelings about race, forgiveness, and understanding. Anchored by an all-star cast and based on real events, the movie is a look at two seemingly different worlds, in which nothing is as simple as black or white.
